

EXECUTIVE TRAVEL ADMINISTRATIVE SUITE (ETAS™)

The Vision

GÖ CLT's proprietary E.T.A.S™ system (Enhanced travel automation & security) seeks to streamline corporate travel with real-time GPS tracking, AI-driven route optimization, and advanced security features. Tailored for executives, it offers seamless travel coordination, expense management, threat assessment and risk mitigation in a single platform. By automating workflows, from trip planning to real-time expense reporting, E.T.A.S ensures every trip is secure, efficient, and stress-free, reducing administrative burdens and enhancing cost transparency for companies. Whether for routine rides or high-priority travel, GÖ CLT aims to deliver a cutting-edge, secure travel experience.

Partnering With GÖ CLT

We're looking for technology partners who can:

Enhance E.T.A.S™ workflows with API/SDK integrations.

Build immersive UI/UX (3D animation, gamified booking).

Scale payment/expense automation with AI + security compliance.

Collaborate on data security, IoT tracking, and ESG modeling.

Expansion

E.T.A.S™ is just the core. Over time, it will integrate with GÖ CLT's wider ecosystem:

GÖ LÜFT: Airport concierge + fleet rentals.

SchutzNest: Family protection network.

WolfsHaut CLT: Regional security grid.

Das Leitwolf-Kollectiv: Executive Protection Suite

Food Truck Tracker & Cultural Modules:
Lifestyle add-ons to differentiate travel experience.
